

TaskMap[®] Professional Edition

Processes Made EasySM

The simplest way to communicate, manage and publish business processes and procedures.

Within hours, managers and staff will be creating a better way for your business to operate. Creating web-based process maps that everyone will understand, all linked to your relevant existing information sources.

Create and edit

Update and manage

Learn and improve

Typical Applications

- Communicate current work processes
- Analyze and improve processes
- Develop and leverage best practices e.g. Six Sigma, ITIL, Sarbanes-Oxley, PRINCE2 Project Management
- Build Work Breakdown Structure for projects
- Reduce risk and improve compliance at a low cost
- Shorten training cycles for new and existing staff
- Increase Efficiency
