

Prepare Proposal for New Prospect

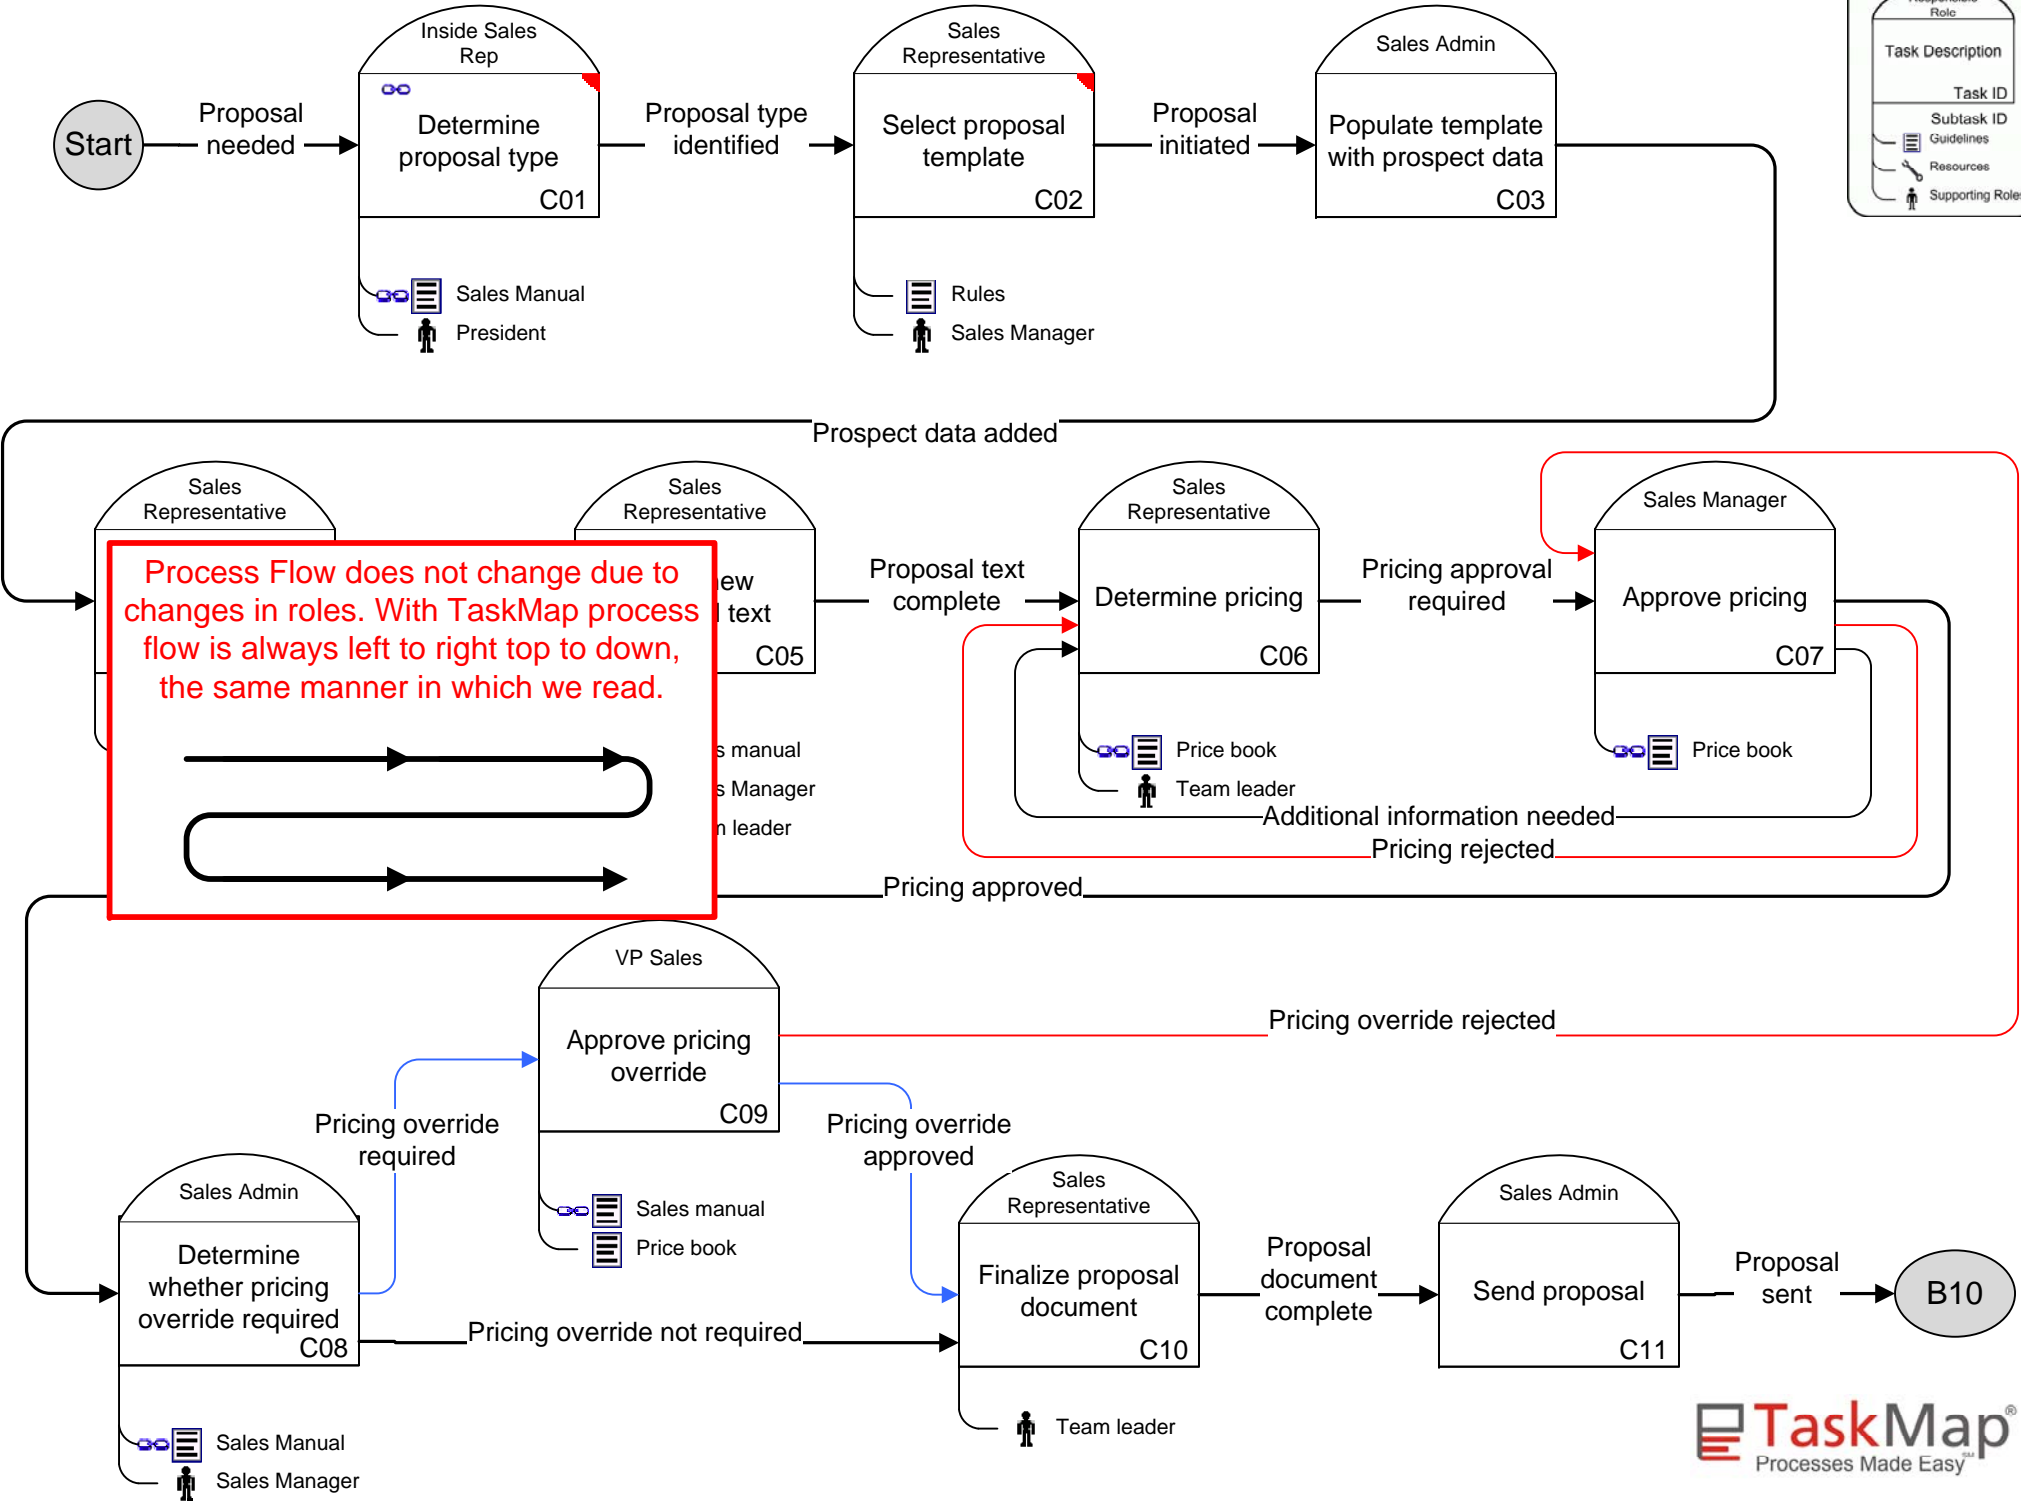

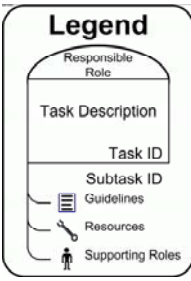

All information associated with a Task is included within the Task Shape

About the Task and Task Link Shape

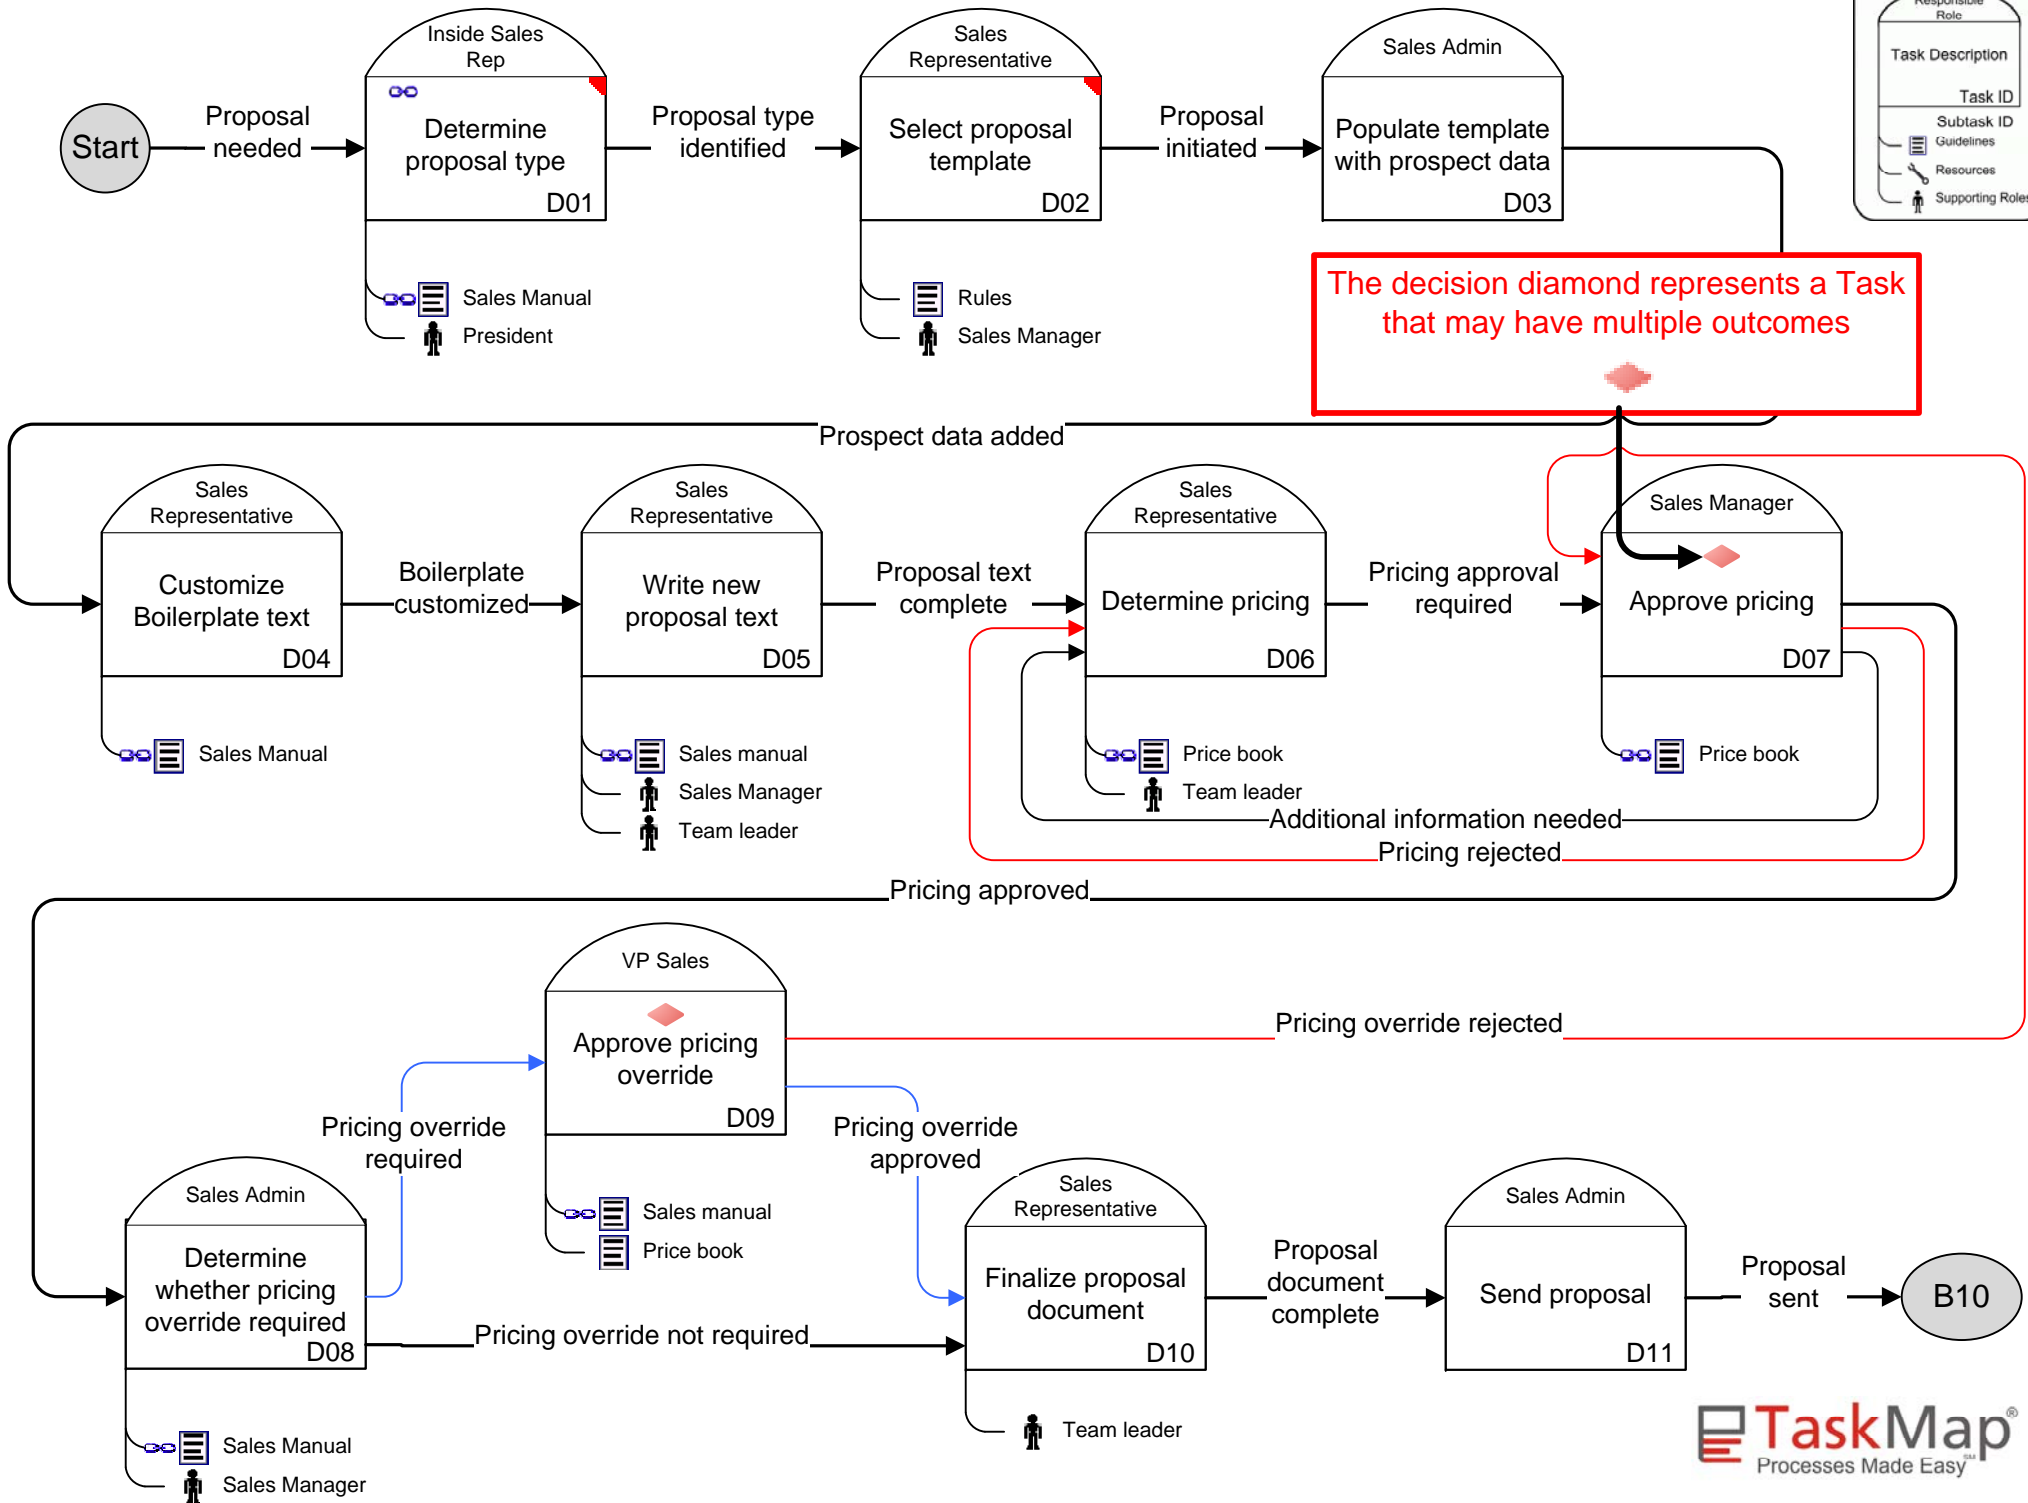

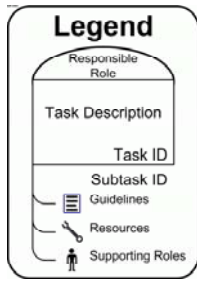

Prepare Proposal for New Prospect

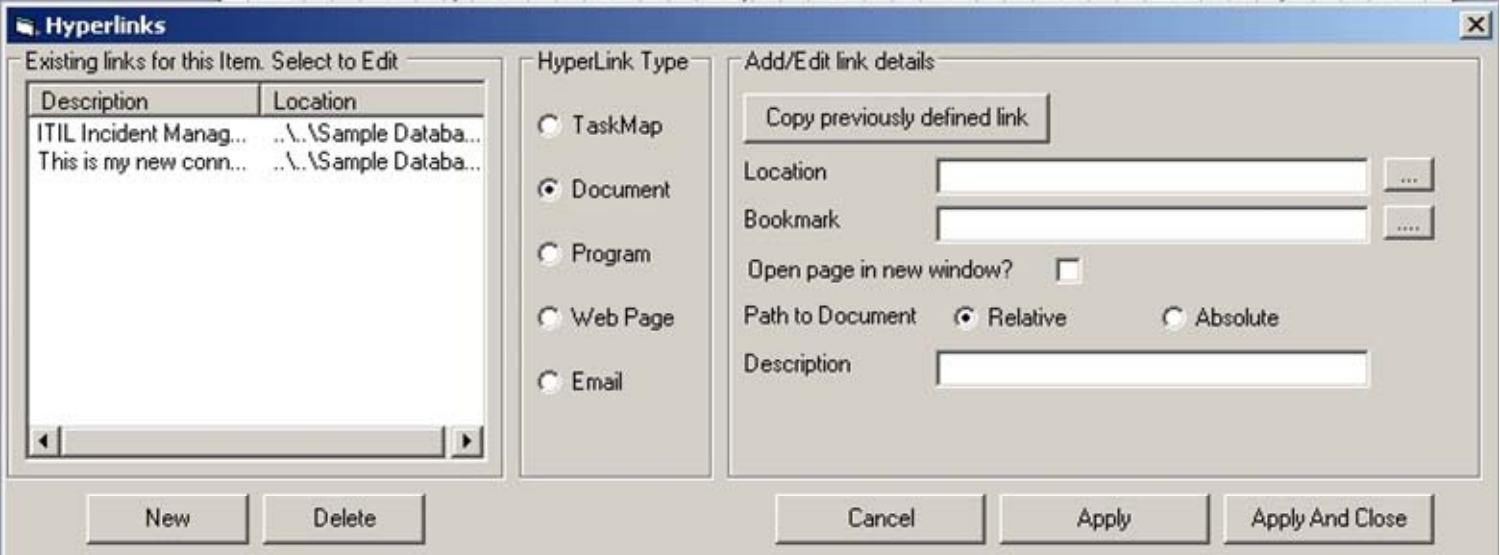

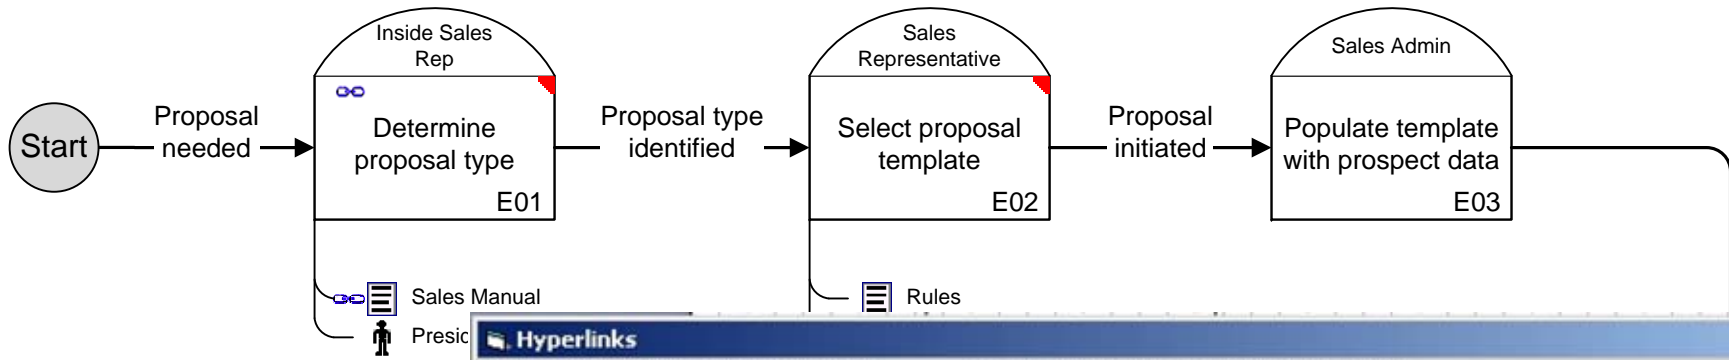

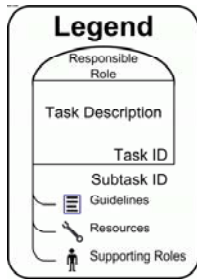

Process Flow does not change due to changes in roles. With TaskMap process flow is always left to right top to down, the same manner in which we read.

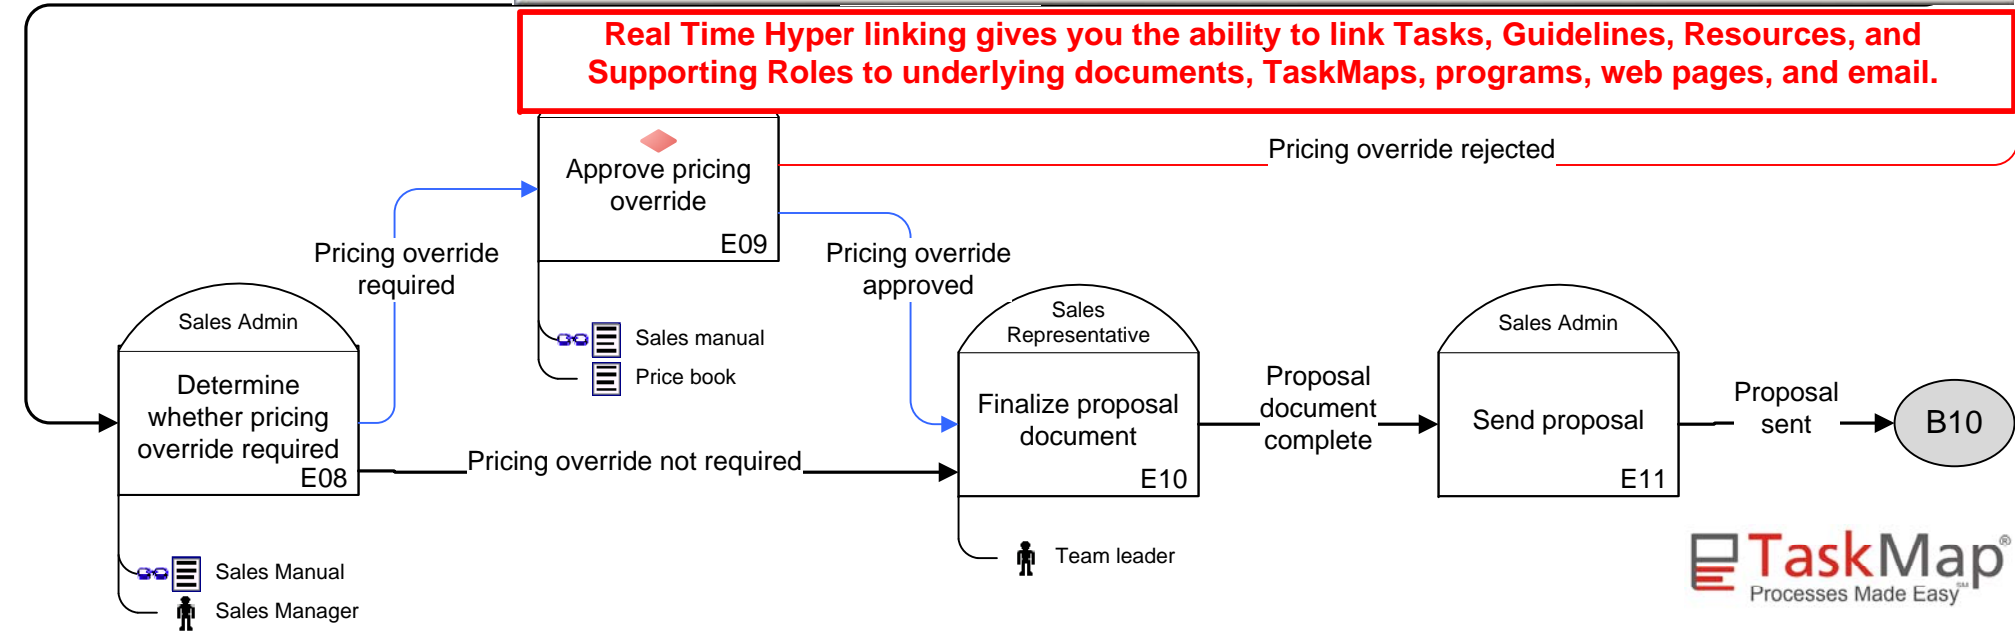

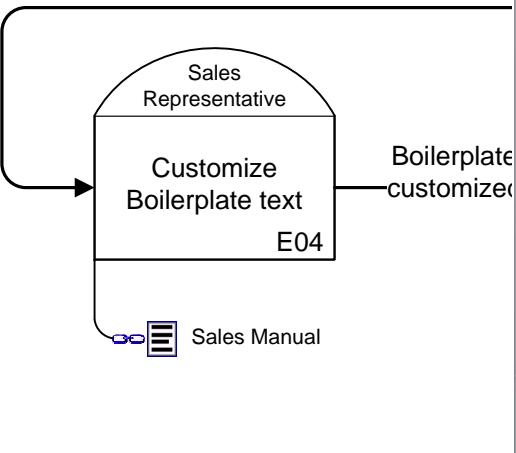

Prepare Proposal for New Prospect

Prepare Proposal for New Prospect

Real Time Hyper linking gives you the ability to link Tasks, Guidelines, Resources, and Supporting Roles to underlying documents, TaskMaps, programs, web pages, and email.
